Career Objective

Enthusiastic and driven aspiring Full Stack Developer currently pursuing a degree in Bachelor of Science (Mathematics and Computer Science), eager to apply foundational knowledge in both front-end and back-end technologies to contribute to innovative projects. Seeking to leverage strong problem-solving skills and a passion for coding to grow within a dynamic development environment.

Skills

Technical Skills:

- **Languages:** HTML, CSS, JavaScript, Python
- **Databases:** MySQL, MongoDB
- **Tools & Version Control:** Git, GitHub, VS Code

Soft Skills:

- Problem-Solving, Logical Thinking, Team Collaboration, Communication, Adaptability, Fast Learner, Attention to Detail

Languages:

- English (Fluent), Swahili (fluent)

Projects

Personal Webpage: Link- <https://github.com/sciv4/V4Tech-Portfolio>

- **Description:** A growing technologist with a passion for building meaningful, user-focused solutions. My portfolio reflects my journey toward full-stack development where curiosity meets code. From front-end finesse to back-end logic, each project is a step forward in solving real-world challenges through innovation, collaboration, and continuous learning.
- **Technologies Used:** HTML and CSS only.
- **Key Achievements:**

-  Built a Personal Portfolio Website using only HTML and CSS to showcase projects, skills, and contact information, demonstrating strong layout, responsiveness, and design skills.
 - Designed and implemented a responsive user interface ensuring optimal viewing across devices.
 - Utilized Git/GitHub for version control and deployment.

Currently Working on a Beauty website.

Education

Bachelor of Science in Mathematics and Computer Science | Kenyatta University Nairobi, Kenya. **Year 2**

- **Relevant Coursework:** Data Structures & Algorithms, Web Development, Database Management Systems, Object-Oriented Programming, communication and collaboration skills.
